

DANCE FUSION COVID-19 PROTOCOL

Following guidance from the Provincial Health Office we have implemented measures that will work to minimize the likelihood of disease transmission. Nonetheless, there is risk of infection in an indoor space and each dancer/family must assess the risk-benefit of attending. Our safety plan includes:

- Do not ATTEND come to class if you are, or have recently experienced within the last 10 days: a fever, runny nose, cough, sore throat, chills, atypical muscle aches, or have been required to self-isolate due to travel or having been identified as a close contact of a confirmed case.
- All registration AND payment will be done online advance of classes commencing.
- Hand Cleaning - Once inside the building please wash your hands for 20-seconds with soap or alternatively sanitize your hands with alcohol-based hand sanitizer.
- Come already dressed for your class if your schedule allows for that, otherwise please advise your dancer to be as quick as possible in washrooms.
- Please bring your own mat for Conditioning, there are no mats available at the studio.
- Acro 3:15pm Monday students will need to supply their own yoga mats for class.
- All other Acro students will be asked to provide their own “hygiene” supply bag, with an approved Acro mat cleaner and some clothes. Mats will be disinfected at the end of each class. They can leave these at the studio for weekly use.
- Bring your own water, there will no longer be a water station, NO food at the studio.
- Classes sizes are limited to allow more space between dancers.

There will be no partner exercises at this time. The instructors will not be doing hands on spotting at this time either. We cannot guarantee that students will stay apart at all times, again *please assess the risk-benefit of attending.*

- There is no credit/refund for missed class for this term, same applies if an instructor is unwell and a substitute is not available, class may be canceled with no credit/refund/make up class.

- Masks are not required, but are most welcome if you feel more comfortable.

- There is no parent attendance in the studio during this time. For the very first class if a student needs a parent to walk in with them, just be mindful of space.

- **Physical Distancing @Moving Centre**

Hallway: The hallway is narrow and there is a chance you may be closer to other dancers due to the nature of that space, if you wish to wear a mask in the hallway you may choose to do so, but it is not a requirement.

One of two strategies will be used to allow for distancing in the narrow confines of the entry. 1. Students will enter thru the Front Studio and wait there and allow for the students in the Back to use the hallway to exit. 2. If that is not possible students will enter/exit in a staggered manner, and we will keep our patience with everything taking a bit longer!

Please be patient with this process, it is a huge impact on the studio to be unable to run simultaneous classes as usual, and we endeavor to remain open and safe during these times.

Physical Distancing @Studio Alive

We have allowed for staggered time to enter and exit so we keep the entry area less congested. Be mindful to only arrive a few minutes early, and to leave promptly.

REMINDER- There is NO DRIVING in the Falls St Alley, Please park on Observatory, Kootenay, or Robson St and walk to the studio entrance. Parents wait outside please.

Thank you for your patience and understanding.
